## On the Issues

Tell us more about your values and how you would tackle major issues impacting the immigrant community in Denver.

9. In 2017, Community leaders in Denver pushed council to pass an ordinance to limit police collaboration with ICE and create the Denver Immigrant Legal Services Fund (DILSF) to support community members through immigration legal proceedings.<sup>1</sup> Since the program launched in 2018, local nonprofit legal service providers have received a total of more than \$1.5M in funds to provide Denver residents with direct legal representation and affirmative relief services including support with DACA renewals and citizenship applications.<sup>2</sup> Denver residents served by this fund - who on average have called Denver home for 17 years - have been able to stay with their families and in their communities thanks to the support provided!

While the fund has been critical to expanding legal services for hundreds of Denver residents, many continue to go through immigration proceedings without representation due to gaps in available resources.

**a. Are you in support of Denver's Immigrant Legal Defense Fund? [Yes](#)**

**b. What will you do to continue expanding the Denver Immigrant Legal Services Fund (DILSF) to ensure Denver residents have access to counsel in immigration proceedings? [Fund it better.](#)**

10. The 2017 ordinance also sought to tackle long standing issues for the immigrant community regarding police collaborating with ICE and federal immigration officials. The passage of the ordinance made strides to protect Denver residents from federal overreach by prohibiting Denver city employees from asking about immigration status or sharing that information with federal agents and prohibiting Denver law enforcement from holding individuals beyond their release date for ICE.<sup>3</sup>

While this change marked a powerful shift in Denver standing up for the equal rights of all residents, there are still some key practices Denver's Sheriff Department engages in that contribute to the separation of our immigrant families. The Denver Sheriff's Department continues to inform ICE proactively when undocumented Denver residents are being released from custody. This practice of notifying ICE of individual release leads directly to the incarceration of undocumented Denverites and separation of Denver families through deportation.

a. **Do you support ending the practice of 'ICE notifications' in Denver?**

**yes**

b. **What additional measures would you propose to limit police collaboration with ICE in Denver?** **Do not know yet**

11. Our groundbreaking report titled, "**Sabotaging Sanctuary: How Data Brokers give ICE access to Colorado's Data and Jails**,"<sup>4</sup> shows how ICE contracted with the data broker company Appriss Solutions, a subsidiary of LexisNexis, to receive jail-booking data from a Colorado jail alert system (VINE). The system alerts ICE agents immediately when anyone on the agency's target lists is booked into county jails, allowing ICE to arrest them upon release. By contracting with 3rd party data brokers ICE can obtain information on hundreds of millions of people across the country.

Further, our report also shows that Denver's ongoing contract with LexisNexis permits information sharing with other LexisNexis customers, including ICE.

**Do you support efforts to limit expansive surveillance by third party entities and law enforcement/ICE?** **Yes - this is more than a shame.**

## What steps would you take to address this issue in Denver?

**Make the data exchange illegal, a crime.**

12. When Mayor Hancock signed the 2017 ordinance he stated the administration's goal of "affirm[ing] Denver's commitment to stand with immigrants and refugees" and "maintain Denver as a welcoming city where everyone can feel safe and thrive."<sup>5</sup> Over the past months migrants have been coming to Denver and the city has mobilized staff, shelter, and support to help people find security and stability.

- a. Do you support Denver's efforts to support newly arrived people? **Yes**
- b. How do you think the city has done with the current plan to support newly arrived immigrants? **Can always improve and do better**

## What would you do as Mayor to support newly arrived people?

**Just continue, because the funds are not for eternity,, and there are so many more problems to solve in Denver.**

13. H.R. 8433, introduced by Congressman Lofgren and Senator Padilla, revises the Renewing Immigration Provisions of the Immigration Act of 1929. The act allows the Secretary of Homeland Security to grant lawful permanent resident status to individuals who have been in the US since the registry date - which is currently January 1, 1972. Historically updates to the registry date have had bipartisan support with the last update happening under the Reagan Administration in 1986. This bill updates the date and changes it to a rolling cutoff so that an individual may qualify for lawful permanent resident status if they have been in the U.S. for at least seven years. This would benefit millions of undocumented Americans who currently have no path to citizenship, including DACA and TPS recipients and their family members, farm workers, and essential workers.

## Would you support a rolling update to the US Registry Act?

**yes**

**Do you support a pathway to citizenship for all 11 million undocumented people?**

**Yes, for humanitarian reasons, because we have to share ... the earth**

- 14.** Though the timeline is not clear yet, we expect the 5th circuit to rule negatively on DACA, possibly ending the program in its entirety. With a split Congress, we are doubtful that a federal solution will come in time to aid the 11 million undocumented people who have built lives here in the US.

**Do you believe leaders in Denver have a role to play to support DACA recipients in the wake of a negative supreme court decision?**

**yes**

**Within your elected role in Denver, what *specific* actions would you take to support the community in the wake of a negative DACA decision? **As a single candidate, without staff and funds, I am Helpless now.****

- 15.** As an immigrant rights coalition, our members have identified access to affordable and dignified housing as a top priority.

**If elected, what are you willing to do to expand access to affordable housing and to support Denver's immigrant community and workforce to meet their housing needs?**

**Everything possible**

Immigrants have also identified cost of housing as a key issue impacting mental health, financial stability, and the overall wellbeing of our communities. With housing costs and costs of living far surpassing raises in wages, **do you support local control on rent stabilization if the state repealed the ban on rent stabilization? **yes****

**16.** Denver recently announced plans to wind down the federally funded Emergency Rental Assistance Program due to limited federal funding<sup>6</sup>. With a budget of over \$130 million, this program helped around 14,000 Denver families stay housed and displacement by offering to cover rent and utility debts. Cost of living in Denver remains inaccessibly high for too many working class Denverites and evictions are steadily climbing.

**Would you support Denver reinvesting in the program to provide rental assistance at similar levels to Denver residents?**

**yes**

## **Connection to Community**

**Tell us more about the communities you work most closely with.**

**I do not work with anybody. I myself are fighting for survival.....**

**17. What grassroots leaders and organizations are supporting your campaign?  
Who are you accountable to? nobody**

**18. What does co-governance mean to you? How do you hope to serve in partnership with the community as an elected official? Do not know yet**
